

# NAPLAN 2021

## Parent/carers consent for disability adjustments

A student with a significant intellectual and/or functional disability may be exempt from participating in NAPLAN. All other students are expected to participate in NAPLAN and disability adjustments may be made to support individual students.

Adjustments permitted in NAPLAN are intended to enable access to NAPLAN on an equivalent basis to students without disability. The adjustments should reflect the kind of support and assistance provided for assessment in the classroom, noting that adjustments that are appropriate in a learning environment may not be appropriate in a standardised assessment environment.

Disability adjustments must be discussed with the student's parent/carers and this consent form must be signed and filed at the school prior to the test period.

An application must be made to NESA for a student to use braille, large print, black and white, or electronic test material. An application must also be made to NESA for the use of assistive technology or a scribe. Applications must be made through the [PAR website](#).

All other disability adjustments are to be approved at the discretion of the school. School approved disability adjustments should be entered in the [PAR website](#) when completing the class test participation roll after each test.

Name of student

Year

I have discussed my child's participation in the **National Assessment Program – Literacy and Numeracy (NAPLAN) 2021** with the school principal and understand that the school will allocate or apply for where necessary the following disability adjustments.

Principal please tick:
