Assessment at Oran Park High School

Assessment is the broad name for the collection and evaluation of evidence of a student's learning. It is integral to teaching and learning and has multiple purposes. Assessment can enhance student engagement and motivation, particularly when it incorporates interaction with teachers, other students and a range of resources.

In alignment with the directions of the Department of Education and Training and the New South Wales Education Standards Authority (NESA) Oran Park High School uses three forms of assessment. These three forms are:

- Assessment 'for' learning
- Assessment 'of' learning
- Assessment 'as' learning

Assessment 'of' learning

Assessment 'of' learning often takes the form of in-class tests, examinations, and assignments. Students will be provided with grades and feedback that indicate their level of achievement after each of these tasks. When students are set this type of assessment, they will be issued with a formal notification. **The majority of this booklet relates to this type of assessment.**

Assessment 'for' learning

Assessment 'for' learning reflects the idea that learning is an ongoing process, and this type of assessment allows for students to receive timely and ongoing feedback throughout their learning so that this can inform their next steps. This type of assessment usually takes place in lessons.

Assessment 'as' learning

Assessment as learning encourages students to take responsibility for their learning and can also include inquiry-based approaches to learning.

How can assessment help a student's learning?

It allows:

- teachers to gather evidence about student achievement in relation to course outcomes
- students with the ability to demonstrate what they know and can do
- clarification of a student's understanding of concepts and promotes deeper understanding

What is the nature of assessment activities that can be issued?

Assessment activities should:

- be valid and based on syllabus outcomes
- include criteria of learning being assessed
- enable students to demonstrate their learning in a range of different contexts
- be reliable, be free from bias and provide evidence that accurately represents a student's knowledge, understanding and skills
- enable students and teachers to use feedback effectively and reflect on the learning process
- be inclusive and accessible to all students
- be part of an ongoing process where progress is monitored over time.

What types of tasks might be issued?

Some or all of the following forms may be issued in formal assessments:

- Oral/aural tests
- Reports
- Essays
- Research assignments
- Submitted practical work
- Field work
- Written reports
- Oral submissions (sometimes recorded)
- Practical performances
- Portfolios
- Formal examinations

Consistency and marking of assessments

To ensure consistency in marking, teachers will:

- explain the task to students and provide opportunities to ask questions
- discuss with other teachers and collaborate on the marking of tasks to ensure consistency in marking standards
- provide feedback on task submissions that outlines; areas of strength, areas for improvement and strategies to improve.

Students with disability

Some students with disability may require adjustments to assessment practices in order to demonstrate what they know and can do in relation to syllabus outcomes and content. The type of adjustments and support will vary according to the particular needs of the student and the

requirements of the activity. Students with disability may be able to present their work in an alternative format, have fewer questions or scaffolds. The type of adjustments will depend on each individual student and their needs. This will be based on consultation between the student, their family and the school.

Life Skills

Years 7–10 courses based on Life Skills outcomes and content provide options for students with disability who cannot access the regular course outcomes, particularly students with an intellectual disability.

Assessment for students accessing Life Skills courses should provide opportunities for students to demonstrate achievement in relation to the selected outcomes. It can occur via a range of strategies and in a range of situations.

Students may achieve Life Skills outcomes either independently or with support. An assessment mark or grade is not reported for these courses.

Junior assessment procedures for Years 7, 8 and 9

The Assessment Process:

- At commencement of each school year, students will be issued with an assessment booklet that outlines the guidelines for assessment in each course.
- At the commencement of each school year, students will receive an assessment schedule and requirements for each course.
- 2 weeks prior to an assessment task due date, written notifications will be issued to each student (See Appendix 1).

The Assessment Notification proforma (see attached) will be used for all subjects and will include:

- clear indications of the outcomes being addressed in the assessment task
- clear instructions to allow the assessment task to be understood and completed
- marking criteria that clearly states, “You will be assessed on how well you...”
- marking guidelines that state the relationship between the work submitted and the grade that will be issued
- clear submission instructions (this will include how to submit and where)
- clear statement of the due date.
- Prompt feedback on each assessment task will be provided.
- students will be required to sign registers when they receive their assessment notifications and when they submit their task.

As part of the Assessment Process students are required to:

- complete all tasks to the best of their ability
- complete and submit all tasks by the due date
- submit work that is their own and no one else's
- following the correct procedures if absent for any reason when the task notification is distributed or when the assessment task is due (see below).

Frequently asked questions

Q. What if a student is absent when the Assessment Notification is distributed?

It is the student's responsibility to ask the teacher for the task. Students will not be given an extension of time *except* where the absence is for an extended period of time and the reason is deemed acceptable by the Head Teacher.

NB: Copies of all issued Assessment Notifications can be accessed on our closed Facebook groups.

Q. What happens when students are required to sit for examinations?

Examinations or test style tasks will be undertaken on the time and date specified in the Assessment Notification. Details of what to expect in the examination will also be stated in this notification.

Q. What happens when a student is required to "hand in" an assessment?

Tasks are to be submitted as per the instructions on the Assessment Notification.

Q. What happens when a student does not submit their task by the due date?

Students who do not submit by the due date, will be recorded as a "non-submission" and a non-submission letter will be sent home. Student are required to meet with the Head Teacher of the faculty to discuss the circumstances around their non-submission and to plan for the late submission of the task. The Head Teacher will decide whether the same or an alternative task is to be completed.

Q. What happens when a student is sick or cannot attend school on the day of the assessment?

If a student has a valid reason for late submission, such as illness, then they are required to submit an Illness/Misadventure application (on the portal) to the Head Teacher of the subject. This document is to be accompanied by a Doctor's certificate OR parent explanation. This will be reviewed by the Head Teacher and a decision made about when the student is to submit their task.

Q. What happens when a student believes that they need an extension of an assessment task?

Acceptable reasons for an extension of a task may include:

- illness supported by a medical certificate
- evidence of exceptional circumstances

This evidence along with the Application for Illness/Misadventure is to be provided to the Head Teacher of the faculty on the first day back at school. The Head Teacher will then determine if the reason is valid and decide on the submission of the task.

Q. What happens when a student's assessment is late because of technological failure?

Technological failure is not reason for an extension, students are encouraged to keep back-ups of their work. If a student is having difficulty printing they should speak to their teacher before the due date.

Q. What happens when a student submits a task that does not meet the outcomes?

If a student submits a task that does not meet the outcomes, an E grade will be awarded. If the task is deemed to be a non-serious attempt, then a negotiated resubmission date may be issued by the Head Teacher.

Q. What happens if a student submits work that is not their own?

Students must submit only work that is completed by them.

If a student in Year 9 submits the work of another person, copies from the internet or a published document without appropriate referencing they will receive a “non-submission” for the task and will be required to resubmit.

Students who knowingly allow another student to copy and submit their work may also receive a “non-submission”.

Q. What happens if a student is involved in a school organised event that prevents them from submitting their task on the due date?

Students must inform the teacher as soon as they become aware of the event and negotiate for the submission of the task.

Informing the teacher after the event will result in the student receiving a “non-submission” for this task.

Q. What happens if a student is involved in a non-school organised event that prevents them from submitting their task on the due date?

Students should provide the teacher with written supporting evidence of the event giving at least two weeks' notice of the activity. As soon as students are aware of the activity, they must discuss this with their teacher so that arrangements for their task can be made.

Q. What if a student feels sick at school during the task?

Students must let their teacher know immediately if they are feeling unwell and the teacher will organise for them to attend sick bay. Students should then attend the doctors and submit a medical certificate to the Head Teacher on their first day back at school.

Q. What happens if the student is away on a family holiday?

The Department of Education does not encourage travel during school terms. If the travel is necessary, students must obtain an *Application for Extended Leave* form which must be submitted to the Principal for review.

If the application is approved, the student must liaise with the Year Adviser to identify any tasks that will be missed and to make alternative arrangements with the Head Teacher of the faculty. Parents will be contacted in regard to these arrangements prior to the leave.

These procedures will be regularly reviewed as part

Year 9 - Overview of assessment task dates 2023

Child Studies

Year 9 assessment task grid 2023

Task	Syllabus Outcomes												Date Due
	CS5-1	CS5-2	CS5-3	CS5-4	CS5-5	CS5-6	CS5-7	CS5-8	CS5-9	CS5-10	CS5-11	CS5-12	
<i>Meet the parents:</i> Extended response	X												Term 2, Week 3
<i>Growing pains:</i> Presentation		X									X		Term 3, Week 3
<i>All units:</i> Examination	X			X	X			X					Term 4, Week 3

Outcome	A student...
CS5-1	identifies the characteristics of a child at each stage of growth and development
CS5-2	describes the factors that affect the health and wellbeing of the child
CS5-3	analyses the evolution of childhood experiences and parenting roles over time
CS5-4	plans and implements engaging activities when educating and caring for young children within a safe environment
CS5-5	evaluates strategies that promote the growth and development of children
CS5-6	describes a range of parenting practices for optimal growth and development
CS5-7	discusses the importance of positive relationships for the growth and development of children
CS5-8	evaluates the role of community resources that promote and support the wellbeing of children and families
CS5-9	analyses the interrelated factors that contribute to creating a supportive environment for optimal child development and wellbeing
CS5-10	demonstrates a capacity to care for children in a positive manner in a variety of settings and contexts
CS5-11	analyses and compares information from a variety of sources to develop an understanding of child growth and development
CS5-12	applies evaluation techniques when creating, discussing and assessing information related to child growth and development

Commerce

Year 9 assessment task grid 2023

Task	Syllabus Outcomes									Date Due
	COM5-1	COM5-2	COM5-3	COM5-4	COM5-5	COM5-6	COM5-7	COM5-8	COM5-9	
<i>Consumer and financial decisions</i> Budget and financial decision task	X			X			X			Term 1, Week 10
<i>Economic and business environment</i> Entrepreneur and innovative product task					X		X	X		Term 2, Week 4
<i>Law, society and political involvement</i> Political research task		X	X			X			X	Term 3, Week 8
<i>Employment and work futures</i> Workplace investigation task	X	X		X						Term 4, Week 4

Outcome	A student...
COM5-1	applies consumer, financial, economic, business, legal, political and employment concepts and terminology in a variety of contexts
COM5-2	analyses the rights and responsibilities of individuals in a range of consumer, financial, economic, business, legal, political and employment contexts
COM5-3	examines the role of law in society
COM5-4	analyses key factors affecting decisions
COM5-5	evaluates options for solving problems and issues
COM5-6	develops and implements plans designed to achieve goals
COM5-7	researches and assesses information using a variety of sources

COM5-8	explains information using a variety of forms
COM5-9	works independently and collaboratively to meet individual and collective goals within specified timeframes

Design and technology

Year 9 assessment task grid 2023

Task	Syllabus Outcomes										Date Due
	DT5-1	DT5-2	DT5-3	DT5-4	DT5-5	DT5-6	DT5-7	DT5-8	DT5-9	DT5-10	
<i>Holistic approach to design</i> Practical and evaluation						X	X			X	Term 2, Week 2
<i>Design processes</i> Practical and portfolio		X			X	X		X			Term 3, Week 9
<i>Overview</i> End of year examination	X		X		X						Term 4, Week 3

Outcome	A student...
DT5-1	analyses and applies a range of design concepts and processes
DT5-2	applies and justifies an appropriate process of design when developing design ideas and solutions
DT5-3	evaluates and explains the impact of past, current and emerging technologies on the individual, society and environments
DT5-4	analyses the work and responsibilities of designers and the factors affecting their work
DT5-5	evaluates designed solutions that consider preferred futures, the principles of appropriate technology, and ethical and responsible design
DT5-6	develops and evaluates creative, innovative and enterprising design ideas and solutions
DT5-7	uses appropriate techniques when communicating design ideas and solutions to a range of audiences
DT5-8	selects and applies management strategies when developing design solutions
DT5-9	applies risk management practices and works safely in developing quality design solutions
DT5-10	selects and uses a range of technologies competently in the development and management of quality design solutions

Drama

Year 9 assessment task grid 2023

Task	Syllabus Outcomes										Date Due
	5.1.1	5.1.2	5.1.3	5.1.4	5.2.1	5.2.2	5.2.3	5.3.1	5.3.2	5.3.3	
<i>Elements of Drama</i> Quiz	X			X	X			X		X	Term 1, Week 10
<i>Playbuilding</i> Group performance task	X	X	X	X	X	X	X				Term 2, Week 10
<i>Character building</i> Presentation	X		X		X	X	X	X		X	Term 3, Week 5
<i>Script writing</i> Written task		X		X			X	X	X		Term 4, Week 5

Outcome	A student...
EN5-1A	responds to and composes increasingly sophisticated and sustained texts for understanding, interpretation, critical analysis, imaginative expression and pleasure
EN5-2A	effectively uses and critically assesses a wide range of processes, skills, strategies and knowledge for responding to and composing a wide range of texts in different media and technologies
EN5-3B	selects and uses language forms, features and structures of texts appropriate to a range of purposes, audiences and contexts, describing and explaining their effects on meaning
EN5-4B	effectively transfers knowledge, skills and understanding of language concepts into new and different contexts
EN5-5C	thinks imaginatively, creatively, interpretively and critically about information and increasingly complex ideas and arguments to respond to and compose texts in a range of contexts
EN5-6C	investigates the relationships between and among texts
EN5-7D	understands and evaluates the diverse ways texts can represent personal and public worlds
EN5-8D	questions, challenges and evaluates cultural assumptions in texts and their effects on meaning
EN5-9E	purposefully reflects on, assesses and adapts their individual and collaborative skills with increasing independence and effectiveness

English

Food Technology

Year 9 assessment task grid 2023

Task	Syllabus Outcomes													Date Due
	FT5-1	FT5-2	FT5-3	FT5-4	FT5-5	FT5-6	FT5-7	FT5-8	FT5-9	FT5-10	FT5-11	FT5-12	FT5-13	
<i>Food in Australia</i> Research task								X	X	X			X	Term 1, Week 10
<i>Food in Australia</i> Practical exam		X				X								Term 2, Week 4
<i>Food selection and health</i> Research and practical task		X					X				X	X		Term, 3, Week 7
<i>Food for specific needs</i> Topic test			X	X				X					X	Term 4, Week 4

Outcome	A student...
FT5-1	demonstrates hygienic handling of food to ensure a safe and appealing product
FT5-2	identifies, assesses and manages the risks of injury and WHS issues associated with the handling of food
FT5-3	describes the physical and chemical properties of a variety of foods
FT5-4	accounts for changes to the properties of food which occur during food processing, preparation and storage
FT5-5	applies appropriate methods of food processing, preparation and storage
FT5-6	describes the relationship between food consumption, the nutritional value of foods and the health of individuals and communities
FT5-7	justifies food choices by analysing the factors that influence eating habits
FT5-8	collects, evaluates and applies information from a variety of sources
FT5-9	communicates ideas and information using a range of media and appropriate terminology

FT5-10	selects and employs appropriate techniques and equipment for a variety of food-specific purposes
FT5-11	plans, prepares, presents and evaluates food solutions for specific purposes
FT5-12	examines the relationship between food, technology and society
FT5-13	evaluates the impact of activities related to food on the individual, society and the environment

HSIE

Year 9 assessment task grid 2023

Task	Syllabus Outcomes																		Date Due
	HT5-1	HT5-2	HT5-3	HT5-4	HT5-5	HT5-6	HT5-7	HT5-8	HT5-9	HT5-10	GE5-1	GE5-2	GE5-3	GE5-4	GE5-5	GE5-6	GE5-7	GE5-8	
Task 1 - History: <i>Movement of peoples</i> In-class source-based task	X			X		X			X										Term 1 Week 9
Task 2 - History: <i>Australians at war</i> Topic test				X		X			X	X									Term 2 Week 3
Task 1 – Geography: <i>Changing places</i> Research task												X	X				X	X	Term 3 Week 9
Task 2 – Geography: <i>Sustainable biomes</i> Topic test											X	X		X	X				Term 4 Week 4

Geography

Outcome	A student...
GE5-1	explains the diverse features and characteristics of a range of places and environments
GE5-2	explains processes and influences that form and transform places and environments
GE5-3	analyses the effect of interactions and connections between people, places and environments
GE5-4	accounts for perspectives of people and organisations on a range of geographical issues
GE5-5	assesses management strategies for places and environments for their sustainability
GE5-6	analyses differences in human wellbeing and ways to improve human wellbeing

GE5-7	acquires and processes geographical information by selecting and using appropriate and relevant geographical tools for inquiry
GE5-8	communicates geographical information to a range of audiences using a variety of strategies

History

Outcome A student...

HT5-1	explains and assesses the historical forces and factors that shaped the modern world and Australia
HT5-2	sequences and explains the significant patterns of continuity and change in the development of the modern world and Australia
HT5-3	explains and analyses the motives and actions of past individuals and groups in the historical contexts that shaped the modern world and Australia
HT5-4	explains and analyses the causes and effects of events and developments in the modern world and Australia
HT5-5	identifies and evaluates the usefulness of sources in the historical inquiry process
HT5-6	uses relevant evidence from sources to support historical narratives, explanations and analyses of the modern world and Australia
HT5-7	explains different contexts, perspectives and interpretations of the modern world and Australia
HT5-8	selects and analyses a range of historical sources to locate information relevant to an historical inquiry
HT5-9	applies a range of relevant historical terms and concepts when communicating an understanding of the past
HT5-10	selects and uses appropriate oral, written, visual and digital forms to communicate effectively about the past for different audiences

Industrial Technology: Engineering

Year 9 assessment task grid 2023

Task	Syllabus Outcomes										Date Due
	IND5-1	IND5-2	IND5-3	IND5-4	IND5-5	IND5-6	IND5-7	IND5-8	IND5-9	IND5-10	
<i>Structures</i> Part A: Practical	X					X	X				Term 2, Week 2
<i>Structures</i> Part B: Report		X						X			Term 2, Week 4
<i>Mechanisms</i> Practical and portfolio	X	X	X						X		Term 3, Week 4
<i>Structures and mechanisms</i> Examination				X	X				X	X	Term 4, Week 4

Outcome	A student...
IND5-1	identifies, assesses, applies and manages the risks and WHS issues associated with the use of a range of tools, equipment, materials, processes and technologies
IND5-2	applies design principles in the modification, development and production of projects
IND5-3	identifies, selects and uses a range of hand and machine tools, equipment and processes to produce quality practical projects
IND5-4	selects, justifies and uses a range of relevant and associated materials for specific applications
IND5-5	selects, interprets and applies a range of suitable communication techniques in the development, planning, production and presentation of ideas and projects
IND5-6	identifies and participates in collaborative work practices in the learning environment
IND5-7	applies and transfers skills, processes and materials to a variety of contexts and projects
IND5-8	evaluates products in terms of functional, economic, aesthetic and environmental qualities and quality of construction
IND5-9	describes, analyses and uses a range of current, new and emerging technologies and their various applications

IND5-10	describes, analyses and evaluates the impact of technology on society, the environment and cultural issues locally and globally
----------------	---

Korean

Year 9 assessment task grid 2023

Task	Syllabus Outcomes									Date Due
	LKO5-1C	LKO5-2C	LKO5-3C	LKO5-4C	LKO5-5U	LKO5-6U	LKO5-7U	LKO5-8U	LKO5-9U	
<i>Identity</i> Interview script				X		X	X			Term 1, Week 11
<i>Daily routine</i> Multimodal presentation	X				X		X			Term 2, Week 4
<i>Eating out</i> Listening test		X							X	Term 3, Week 9
<i>All topics</i> Examination			X					X		Term 4, Week 4

Outcome	A student...
LKO5-1C	manipulates Korean in sustained interactions to exchange information, ideas and opinions, and make plans and negotiate
LKO5-2C	identifies and interprets information in a range of texts
LKO5-3C	evaluates and responds to information, opinions and ideas in texts, using a range of formats for specific contexts, purposes and audiences
LKO5-4C	experiments with linguistic patterns and structures to compose texts in Korean, using a range of formats for a variety of contexts, purposes and audiences
LKO5-5U	demonstrates how Korean pronunciation and intonation are used to convey meaning
LKO5-6U	demonstrates understanding of how Korean writing conventions are used to convey meaning
LKO5-7U	analyses the function of complex Korean grammatical structures to extend meaning
LKO5-8U	analyses linguistic, structural and cultural features in a range of texts
LKO5-9U	explains and reflects on the interrelationship between language, culture and identity

Mathematics 5.1/5.2

Year 9 assessment task grid 2023

Task	Syllabus Outcomes																						Date Due		
	MA4-1WM	MA4-2WM	MA5.1-1WM	MA5.1-2WM	MA5.1-3WM	MA5.2-1WM	MA5.2-2WM	MA5.2-3WM	MA5.1-4NA	MA5.2-4NA	MA5.2-5NA	MA5.2-6NA	MA5.2-7NA	MA5.2-8NA	MA5.2-9NA	MA4-16MG	MA5.1-8MG	MA5.1-9MG	MA5.1-11MG	MA5.2-11MG	MA5.2-12MG	MA5.2-13MG	MA5.2-14MG	MA5.2-15SP	
In-class written examination (open book)					X	X	X	X	X	X		X	X												Term 1 Week 7
Investigation/ assessment			X	X		X	X				X			X			X			X					Term 2 Week 8
In-class written examination (with summary sheet)	X	X				X	X	X							X	X						X		X	Term 3 Week 6
In-class written examination						X	X	X													X		X	X	Term 4 Week 4

Outcome	A student...
MA5.1-4NA	solves financial problems involving earning, spending and investing money
MA5.1-5NA	operates with algebraic expressions involving positive-integer and zero indices, and establishes the meaning of negative indices for numerical bases
MA5.1-8MG	calculates the areas of composite shapes, and the surface areas of rectangular and triangular prisms
MA5.1-9MG	interprets very small and very large units of measurement, uses scientific notation, and rounds to significant figures

MA5.1-10MG	applies trigonometry, given diagrams, to solve problems, including problems involving angles of elevation and depression
MA5.1-12SP	uses statistical displays to compare sets of data, and evaluates statistical claims made in the media
MA5.2-4NA	solves financial problems involving compound interest
MA5.2-5NA	recognises direct and indirect proportion, and solves problems involving direct proportion
MA5.2-6NA	simplifies algebraic fractions, and expands and factorises quadratic expressions
MA5.2-7NA	applies index laws to operate with algebraic expressions involving integer indices
MA5.2-8NA	solves linear and simple quadratic equations, linear inequalities and linear simultaneous equations, using analytical and graphical techniques
MA5.2-9NA	uses the gradient-intercept form to interpret and graph linear relationships
MA5.2-12MG	applies formulas to calculate the volumes of composite solids composed of right prisms and cylinders
MA5.2-13MG	applies trigonometry to solve problems, including problems involving bearings
MA5.2-14MG	calculates the angle sum of any polygon and uses minimum conditions to prove triangles are congruent or similar
MA5.2-8NA	solves linear and simple quadratic equations, linear inequalities and linear simultaneous equations, using analytical and graphical techniques
MA5.2-9NA	uses the gradient-intercept form to interpret and graph linear relationships
MA4-16MG	applies Pythagoras' theorem to calculate side lengths in right-angled triangles, and solves related problems
MA5.1-8MG	calculates the areas of composite shapes, and the surface areas of rectangular and triangular prisms
MA5.1-9MG	interprets very small and very large units of measurement, uses scientific notation, and rounds to significant figures
MA5.1-11MG	describes and applies the properties of similar figures and scale drawings
MA5.2-11MG	calculates the surface areas of right prisms, cylinders and related composite solids
MA5.2-12MG	applies formulas to calculate the volumes of composite solids composed of right prisms and cylinders
MA5.2-13MG	applies trigonometry to solve problems, including problems involving bearings
MA5.2-14MG	calculates the angle sum of any polygon and uses minimum conditions to prove triangles are congruent or similar
MA5.2-15SP	investigates relationships between two statistical variables, including their relationship over time

Mathematics 5.3

Year 9 assessment task grid 2023

Task	Syllabus Outcomes																						Date Due	
	MA5.2-1WM	MA5.2-2WM	MA5.2-3WM	MA5.3-1WM	MA5.3-2WM	MA5.3-3WM	MA5.2-4NA	MA5.2-5NA	MA5.2-6NA	MA5.2-7NA	MA5.2-8NA	MA5.2-9NA	MA5.3-4NA	MA5.3-5NA	MA5.3-6NA	MA5.3-7NA	MA5.2-11MG	MA5.2-12MG	MA5.2-13MG	MA5.2-14MG	MA5.3-16MG	MA5.-12SP	MA5.-16SP	
In-class written examination (open book)	X	X	X				X		X	X				X										Term 1 Week 7
Investigation/a sssessment											X						X					X	X	Term 2 Week 8
In-class written examination (with summary sheet)	X	X	X	X	X	X		X					X		X			X	X					Term 3 Week 6
In-class written examination				X	X	X					X	X				X				X	X			Term 4 Week 4

Outcome	A student...
MA5.2-1WM	selects appropriate notations and conventions to communicate mathematical ideas and solutions
MA5.2-2WM	interprets mathematical or real-life situations, systematically applying appropriate strategies to solve problems
MA5.2-3WM	constructs arguments to prove and justify results
MA5.3-1WM	describes and represents mathematical situations in a variety of ways using mathematical terminology and some conventions
MA5.3-2WM	selects and applies appropriate problem-solving strategies, including the use of digital technologies, in undertaking <i>investigations</i>
MA5.3-3WM	gives a valid reason for supporting one possible solution over another

MA5.2-4NA	solves financial problems involving compound interest
MA5.2-5NA	recognises direct and indirect proportion, and solves problems involving direct proportion
MA5.2-6NA	simplifies algebraic fractions, and expands and factorises quadratic expressions
MA5.2-7NA	applies index laws to operate with algebraic expressions involving integer indices
MA5.2-8NA	solves linear and simple quadratic equations, linear inequalities and linear simultaneous equations, using analytical and graphical techniques
MA5.2-9NA	uses the gradient-intercept form to interpret and graph linear relationships
MA5.3-4NA	draws, interprets and analyses graphs of physical phenomena
MA5.3-5NA	selects and applies appropriate algebraic techniques to operate with algebraic expressions
MA5.3-6NA	performs operations with surds and indices
MA5.3-7NA	solves complex linear, quadratic, simple cubic and simultaneous equations, and rearranges literal equations
MA5.2-11MG	calculates the surface areas of right prisms, cylinders and related composite solids
MA5.2-12MG	applies formulas to calculate the volumes of composite solids composed of right prisms and cylinders
MA5.2-13MG	applies trigonometry to solve problems, including problems involving bearings
MA5.2-14MG	calculates the angle sum of any polygon and uses minimum conditions to prove triangles are congruent or similar
MA5.3-16MG	measures and constructs angles, and applies angle relationships to find unknown angles
MA5.2-16SP	16MG proves triangles are similar, and uses formal geometric reasoning to establish properties of triangles and quadrilaterals
MA5.2-18SP	uses appropriate methods to collect data and constructs, interprets and evaluates data displays, including dot plots, line graphs and two-way tables

Music

Year 9 assessment task grid 2023

Task	Syllabus Outcomes												Date Due
	5.1	5.2	5.3	5.4	5.5	5.6	5.7	5.8	5.9	5.10	5.11	5.12	
<i>Classical music</i> Performance task		X	X								X	X	Term 1, Week 10
<i>Music in advertising</i> Jingle composition				X	X	X							Term 2, Week 10
<i>Music for TV and video games</i> Performance task	X		X								X	X	Term 3, Week 8
<i>Australian music</i> Examination							X	X	X	X			Term 4, Week 4

Outcome	A student...
5.1	performs repertoire with increasing levels of complexity in a range of musical styles demonstrating an understanding of the musical concepts
5.2	performs repertoire in a range of styles and genres demonstrating interpretation of musical notation and the application of different types of technology
5.3	performs music selected for study with appropriate stylistic features demonstrating solo and ensemble awareness
5.4	demonstrates an understanding of the musical concepts through improvising, arranging and composing in the styles or genres of music selected for study
5.5	notates own compositions, applying forms of notation appropriate to the music selected for study
5.6	uses different forms of technology in the composition process
5.7	demonstrates an understanding of musical concepts through the analysis, comparison, and critical discussion of music from different stylistic, social, cultural and historical contexts
5.8	demonstrates an understanding of musical concepts through aural identification, discrimination, memorisation and notation in the music selected for study
5.9	demonstrates an understanding of musical literacy through the appropriate application of notation, terminology, and the interpretation and analysis of scores used in the music selected for study
5.10	demonstrates an understanding of the influence and impact of technology on music

5.11	demonstrates an appreciation, tolerance and respect for the aesthetic value of music as an artform
5.12	demonstrates a developing confidence and willingness to engage in performing, composing and listening experiences

PASS

Year 9 assessment task grid 2023

Task	Syllabus Outcomes										Date Due
	PASS5-1	PASS5-2	PASS5-3	PASS5-4	PASS5-5	PASS5-6	PASS5-7	PASS5-8	PASS5-9	PASS5-10	
<i>Body in action:</i> Written task	X	X								X	Term 2, Week 3
<i>Better, harder, faster, stronger</i> Training program	X	X				X		X			Term 3, Week 9
<i>All units</i> Examination	X	X				X		X		X	Term 4, Week 3
<i>European handball, Gaelic football, Lacrosse, Ultimate Frisbee, Speedball, Gridiron, Oz Tag, Recreation games</i> Practical skills and decision making					X		X		X		Ongoing assessment throughout the topics

Outcome	A student...
PASS5-1	discusses factors that limit and enhance the capacity to move and perform
PASS5-2	analyses the benefits of participation and performance in physical activity and sport
PASS5-3	discusses the nature and impact of historical and contemporary issues in physical activity and sport
PASS5-4	analyses physical activity and sport from personal, social and cultural perspectives
PASS5-5	demonstrates actions and strategies that contribute to active participation and skilful performance

PASS5-6	evaluates the characteristics of participation and quality performance in physical activity and sport
PASS5-7	works collaboratively with others to enhance participation, enjoyment and performance
PASS5-8	displays management and planning skills to achieve personal and group goals
PASS5-9	performs movement skills with increasing proficiency
PASS5-10	analyses and appraises information, opinions and observations to inform physical activity and sport decisions.

PDHPE

Year 9 assessment task grid 2023

Task	Syllabus Outcomes											Date Due
	PD5-1	PD5-2	PD5-3	PD5-4	PD5-5	PD5-6	PD5-7	PD5-8	PD5-9	PD5-10	PD5-11	
<i>Eat right future bright</i> Food diary and analysis								X				Term 1, Week 9
<i>We found love</i> Written response			X			X						Term 3, Week 3
<i>All units</i> Examination	X	X							X	X		Term 4, Week 3
<i>Small sided tactical games, Target games, Team games, Invasion games, Net/court games, Modified games</i> Practical skills and decision making				X	X						X	Ongoing assessment throughout the topics

Outcome	A student...
PD5-1	assesses their own and others' capacity to reflect on and respond positively to challenges
PD5-2	researches and appraises the effectiveness of health information and support services available in the community
PD5-3	analyses factors and strategies that enhance inclusivity, equality and respectful relationships
PD5-4	adapts and improvises movement skills to perform creative movement across a range of dynamic physical activity contexts
PD5-5	appraises and justifies choices of actions when solving complex movement challenges
PD5-7	plans, implements and critiques strategies to promote health, safety, wellbeing and participation in physical activity in their communities

PD5-8	designs, implements and evaluates personalised plans to enhance health and participation in a lifetime of physical activity
PD5-9	assesses and applies self-management skills to effectively manage complex situations
PD5-10	critiques their ability to enact interpersonal skills to build and maintain respectful and inclusive relationships in a variety of groups or contexts
PD5-11	refines and applies movement skills and concepts to compose and perform innovative movement sequences

Photography

Year 9 assessment task grid 2023

Task	Syllabus Outcomes										Date Due
	5.1	5.2	5.3	5.4	5.5	5.6	5.7	5.8	5.9	5.10	
<i>Project 101</i> Making: Digital works Studying: Photographic analysis	X	X	X	X		X		X	X		Term 1, Week 11
<i>Cubist portraits</i> Making: Manipulating images	X	X	X	X	X	X					Term 2, Week 5
<i>The sequence</i> Making: Digital works Studying: Written response	X	X	X	X	X	X	X		X		Term 3, Week 5
<i>Visual narrative</i> Making: Digital works		X	X	X	X	X					Term 4, Week 4

Outcome	A student...
5.1	develops range and autonomy in selecting and applying photographic and digital conventions and procedures to make photographic and digital works
5.2	makes photographic and digital works informed by their understanding of the function of and relationships between artist–artwork–world–audience
5.3	makes photographic and digital works informed by an understanding of how the frames affect meaning
5.4	investigates the world as a source of ideas, concepts and subject matter for photographic and digital works
5.5	makes informed choices to develop and extend concepts and different meanings in their photographic and digital works
5.6	selects appropriate procedures and techniques to make and refine photographic and digital works
5.7	applies their understanding of aspects of practice to critically and historically interpret photographic and digital works

5.8	uses their understanding of the function of and relationships between the artist–artwork–world–audience in critical and historical interpretations of photographic and digital works
5.9	uses the frames to make different interpretations of photographic and digital works
5.10	constructs different critical and historical accounts of photographic and digital works

Science

Year 9 assessment task grid 2023

Task	Syllabus Outcomes												Date Due
	SC5-4WS	SC5-5WS	SC5-7WS	SC5-8WS	SC5-9WS	SC5-10PW	SC5-11PW	SC5-12ES	SC5-13ES	SC5-14LW	SC5-16CW	SC5-17CW	
<i>The nutty professor</i> In-class application of practical skills and knowledge of Chemistry			X	X							X		Term 1, Week 10
<i>Contagion</i> Literacy and research take home and in-class task			X		X							X	Term 2, Week 2
<i>Scientific method</i> Student research project: Individual practical investigation take-home task	X	X	X			X	X						Term 3, Week 7
<i>Contagion, Blackout, Sonic and Geostorm</i> Yearly examination in class			X			X	X	X	X	X			Term 4, Week 2

Outcome	A student...
SC5-4WS	develops questions or hypotheses to be investigated scientifically
SC5-5WS	produces a plan to investigate identified questions, hypotheses or problems, individually and collaboratively
SC5-7WS	processes, analyses and evaluates data from first-hand investigations and secondary sources to develop evidence-based arguments and conclusions
SC5-8WS	applies scientific understanding and critical thinking skills to suggest possible solutions to identified problems
SC5-9WS	presents science ideas and evidence for a particular purpose and to a specific audience, using appropriate scientific language, conventions and representations
SC5-10PW	applies models, theories and laws to explain situations involving energy, force and motion

SC5-11PW	explains how scientific understanding about energy conservation, transfers and transformations is applied in systems
SC5-12ES	describes changing ideas about the structure of the Earth and the universe to illustrate how models, theories and laws are refined over time by the scientific community
SC5-13ES	explains how scientific knowledge about global patterns of geological activity and interactions involving global systems can be used to inform decisions related to contemporary issues
SC5-14LW	analyses interactions between components and processes within biological systems
SC5-16CW	explains how models, theories and laws about matter have been refined as new scientific evidence becomes available
SC5-17CW	discusses the importance of chemical reactions in the production of a range of substances, and the influence of society on the development of new materials

Visual Arts

Year 9 assessment task grid 2023

Task	Syllabus Outcomes										Date Due
	5.1	5.2	5.3	5.4	5.5	5.6	5.7	5.8	5.9	5.10	
<i>Lino printing: Birds, bees & botanical</i> Practical & written task	X		X	X	X		X	X	X	X	Term 1, Week 10
<i>Drawing: Fragile faces</i> Practical task	X	X	X	X	X	X					Term 2, Week 10
<i>Organic vessels</i> Written task							X	X	X		Term 3, Week 6
<i>Clay: Organic vessels</i> Practical task	X	X		X		X					Term 3 Week 10

Outcome	A student...
5.1	develops range and autonomy in selecting and applying visual arts conventions and procedures to make artworks
5.2	makes artworks informed by their understanding of the function of and relationships between artist – artwork – world – audience
5.3	makes artworks informed by an understanding of how the frames affect meaning
5.4	investigates the world as a source of ideas, concepts and subject matter in the visual arts
5.5	makes informed choices to develop and extend concepts and different meanings in their artworks
5.6	demonstrates developing technical accomplishment and refinement in making artworks
5.7	applies their understanding of aspects of practice to critical and historical interpretations of art
5.8	uses their understanding of the function of and relationships between artist – artwork – world – audience in critical and historical interpretations of art
5.9	demonstrates how the frames provide different interpretations of art
5.10	demonstrates how art criticism and art history construct meanings
